6/22/04 A02-07-022 San Diego Gas & Electric Company, for a Certificate of Public Convenience and Necessity for the Miguel - Mission 230kV #2 Project.

Summary: On June 17, 2004, John Leslie, attorney for the Border Generation Group (BGG), met with Roosevelt Grant, advisor to Pres. Peevey, in San Francisco; and on the same date, Leslie emailed to Roosevelt Grant a copy of the BGG's comments filed on May 17, 2004. Leslie discussed the draft decision by ALJ Malcolm. Leslie stated that any delay in the Commission's decision beyond the July 8 meeting will result in months of additional delays in the construction process. Leslie requested that the Commission issue an alternate decision that removes the condition that San Diego Gas & Electric Company (SDG&E) should modify the project to include two 'undergrounding' alternatives. Leslie stated that the Commission is not required to choose the project alternative that is deemed to be the 'environmentally superior alternative' in the Environmental Impact Report. Leslie indicated that the lead agency is required to take into account economic impacts and other matters that go beyond environmental considerations. Leslie urged the Commission to adopt an alternate decision that approves the SDG&E project as proposed.
